

 The Hotel Lago Losetta "Melvin Jones" is a modern building situated in Sestriere. It was built to host mainly disabled and non-disabled people so that they are fully independent and integrated in the environment. The Hotel exists thanks to the "Regione Piemonte", the Municipality of Sestriere and the 108ia1 District Lions Club, which with their contributions have enabled disabled people to enjoy the territory of the Olympic and Paralympic games of Turin 2006. The Hotel is managed by G.D.G dis-sport S.r.l. of Gerard Jayme, Dario Capelli and Gianfranco Martin, ski instructors and keen sportsmen (Gianfranco Martin, Silver Medal of the Albertville Olympic Games in 1992) that have combined their experiences and professional background in hotel management and the organisation of important sport events, with the common goal to promote "Sport For All" all year round.

 Sestriere ski resort is located at a height of 2035 metres on the same pass, linking the Chisone and Susa valleys, only a few kilometres from France. Right in the centre of the "Milky Way" area, Sestriere is for international tourism a well known historic destination, as well as a perfect site for the organisation of Sport Events such as the World Skiing Championships in 1997 and the Winter Olympics and Paralympic Games in 2006. Ski enthusiasts can enjoy a total of 400 Kilometres of slopes without taking their skis off, and therefore have the chance to visit five other ski resorts, (120 KMs of slopes with artificial snow) with a total of 89 skilifts and chairlifts.

 The Hotel Lago Losetta "Melvin Jones" is situated next to the Sports Centre. The swimming pool and the town centre are within walking distance. The Hotel facilities are :
